ABOUT

Anthony Faucette is a decorated Army veteran, corporate leader, and author of *The Success Variable™*. He helps organizations transform the way leaders pursue success—shifting them from pressure and burnout toward clarity, purpose, and alignment.

With experience ranging from combat zones to boardrooms, Anthony blends spiritual wisdom, practical leadership, and a proven success equation to help people perform at their highest level without losing themselves.

SIGNATURE KEYNOTE

Success: What the World Got Wrong

A powerful, TEDx-style keynote that rewrites the rules of success. Anthony exposes the cultural myths that drive burnout and misalignment, then offers a practical, purpose-driven formula leaders can apply immediately to create sustainable, meaningful success.

TESTIMONIAL

"Anthony doesn't just speak — he reaches people. Our veterans trust him because he understands the weight of service and the pressure of leadership. His sessions shift mindsets, restore confidence, and give our team tools to succeed personally and professionally. We're grateful to have him as part of our EGS family."
